

SPECIFICATIONS:

FRAMES: Shall be of durable cast iron with pre-drilled brace holes and anchor holes in feet.

CENTER STRAP: Shall be fabricated of 1/4" x 1" die formed hot rolled steel with precision punched holes.

CROSS BRACE: Shall be of 1 5/16" O.D. high tensile galvanized pipe.

SLATS: 7 each. Shall be of 2" x 3" nominal S4S stock with pre-drilled holes and eased edges. Available in unfinished CCA pressure treated southern yellow pine, clear redwood, clear douglas fir, or Pau Lope.

FINISH: Legs, center strap and cross brace shall be primed and finish painted with durable outdoor black enamel.

HARDWARE: All bolts shall be bright zinc plated.

NOTE: Add **-PC** to the model number for black polyester powder coated legs.

NOTE: End frames are available with armrests upon request. Add **-AR** to the model number to specify bench with armrests.

MODEL No.:

#751-6T 6' Bench w/ Treated Pine Slats

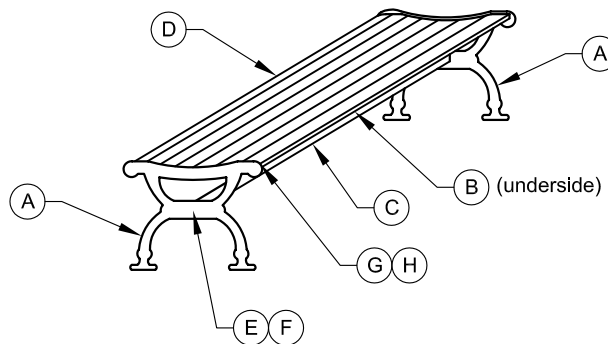

#751-6R 6' Bench w/ Clear Redwood Slats

#751-6D 6' Bench w/ Douglas Fir Slats

#751-6P 6' Bench w/ Pau Lope Slats

ASSEMBLY INSTRUCTIONS:

1. On a flat surface, loosely attach the bench slats to the supports with the fasteners provided.
2. Loosely attach the cross brace and center strap with fasteners provided.
3. Square the assembled bench and tighten all fasteners.
4. We strongly recommend this bench be permanently anchored to prevent possible injury or theft.
5. Periodically check all fasteners to be sure that they are tight and secure. Replace any broken or worn parts immediately.
